

# India's own secure video conferencing solution for everyday business

JioMeet is a home-grown HD video conferencing and content sharing application. With JioMeet you can schedule calls or have instant meetings with up to 250 participants for non-stop 24 hours from anywhere at anytime. You can collaborate across devices and join meetings from mobile, desktop or VC enabled devices. It enables you to simultaneously switch between devices during an active call for seamless participation. It facilitates creation and managing group calling with the use of in-call functionality and invite sharing during an active call to manage meetings effectively.

## Why JioMeet is a good choice for you?

- 
**STAY CONNECTED**  
 JioMeet is a network and device agnostic solution. You can connect with employees, partners, vendors and clients sitting miles away
- 
**INTEROPERABILITY**  
 If you have already invested in expensive VC devices, don't worry. JioMeet integrates with your legacy devices as well
- 
**BETTER EXPERIENCE**
