Mumbai, 5 September 2019: Jio, the world's largest mobile data network, has today announced the commencement of JioFiber, its Fiber to the Home service, across 1,600 cities in India. With JioFiber, Jio continues to deliver on its promise of connecting the unconnected while bringing about transformational changes to Indian homes, that it started with its mobility service three years ago, on 5th September 2016.

Currently, the average fixed-line broadband speed in India is 25 Mbps. Even in America, which is the most developed economy, it is around 90 Mbps. JioFiber, India's first 100% ALL-FIBER broadband service, will start from 100 Mbps and go all the way up to 1 Gbps. This will propel India to top 5 broadband nations globally.

UPCOMING JIOFIBER SERVICES:

1. Ultra-high-speed broadband (up to 1 Gbps)
2. Free domestic voice calling, conferencing and international calling
3. TV video calling and conferencing
4. Entertainment OTT apps
5. Gaming
6. Home Networking
7. Device Security
8. VR Experience
9. Premium Content Platform
